REPORTING TO PARENTS POLICY

Reviewed and updated by the Leadership Team: July 2009
Next Review due: as required

The College recognises the importance of informing parents of pupils' progress. All pupils receive a College Interim Report once during each academic year.

Each Report will contain an end of Key Stage Target, together with a termly assessment. Each subject will comment on homework, behaviour and effort. During the first term each Report will also contain a Learning Target which will enable the pupils to progress.

Parents will have the opportunity to discuss the contents of each Report with either their Form or Subject Teacher.
